(a) to (c) Meetings of National Mission for Clean Ganga are a regular and ongoing process for effective implementation of the proposed works for pollution abatement taken up under the 'National Ganga River Basin Authority' (NGRBA). Regular meetings are held frequently within NMCG, and also with State Agencies, Executing agencies, other Central Ministries and others involved in the work of pollution abatement. These meetings are held for stream-lining the ongoing/proposed pollution abatement measures, discussing various issues and resolving problems/hindrances faced during implementation.
